PRESIDENT: LB 1008A advances. May I just say that I do appreciate those of you who are sticking around to help. If you'd continue to do so we could move a little faster. Thank you. LB 978.

CLERK: 978, Mr. President, by Senator Wesely. (Read title.) The bill was introduced on January 7, referred to General Affairs, advanced to General File. I have no amendments to the bill.

PRESIDENT: Senator Wesely, please.

SENATOR WESELY: Thank you, Mr. President, members. This bill was brought to me by the City of Lincoln. There was some confusion, if you remember, a couple of years back. We gave the local governing boards the authority, the local city council the authority to decide if they wanted to on liquor licenses. But it wasn't clear, if they did opt to take that authority, who would pay for them transcribing the hearings that they would hold and then send them on to the court if there was an appeal to the court system. You'll remember the Liquor Control Commission used to do it, now some of the local municipalities do it. This clarifies that the local municipalities are responsible for transcribing the hearing and then sending it on to the court. It clarifies that and it actually came from them, so they do support taking on that responsibility. I would move its advancement to E & R.
